Effective for 2015 and beyond

In-House Athletic (Non-Board) League Team Formation Guidelines

Wheaton Park District Athletic Department personnel will use the below system to equitably form In-House Athletic League Teams. Please note, requests are not guaranteed.

1. Volunteer coaches children will be placed first (Limit two (2) official coaches per team; one head coach and one assistant coach).
2. When registering, participants can select their top *friend or coach* request. **(Limit 1)**
3. When registering, participants can select a secondary *friend or coach* request, in the event the first request could not be accommodated. **(Limit 1)**
4. Participants will then be placed on teams by the school that they attend.
5. Finally, participants will be placed by geographic location. For example, schools near one another; Northeast, Northwest, Southeast or Southwest quadrants of Wheaton or surrounding communities that are closest to these quadrants.

When forming teams, the Athletic Department will **make every attempt not to** exceed double the number of participants that can play on the court or field at one time. For example; 6 players play at one time on the volleyball court; so the team roster will not exceed 12 players.

Note: Requests are not guaranteed. If two players have the same request and only one request can be granted, we will grant the request to the first person to register, based on the date and time of registration.
